

Wednesday, 20 September 2017

Time	Registration area			
08:00	Registration, badge and bag collection			
08:00 - 09:30	Morning coffee & tea (Riverside Foyer and exhibition area)			
Plenary session: Hall 2				
09:30 - 10:30	Opening Ceremony <i>Chairs: Jeannie Donnelly, Lisette Schoonhoven</i> <ul style="list-style-type: none"> Opening ceremony Welcome by Professor Charlotte McArdle, Chief Nursing Officer Welcome by the EPUAP President Welcome by the EPUAP 2017 Chair Overview of the Scientific Programme by the Chair of EPUAP Scientific Committee 			
10:30 - 12:00	Key session 1: Pressure ulcer terminology and classification <i>Chairs: Jeannie Donnelly, Lisette Schoonhoven</i> <ul style="list-style-type: none"> Outcome and next steps in the international debate on pressure ulcer terminology and classification; <i>Jan Kottner</i> Device related pressure ulcers; <i>Joyce Black</i> A common language for pressure ulcers: The Outcomes for Pressure Ulcer Trials (OUTPUTs) project; <i>Katrin Balzer</i> A Cochrane review on incontinence-associated dermatitis (IAD) for making the case for Core Outcome Sets (COS) in clinical trials in wound care; <i>Dimitri Beeckman</i> 			
12:00 - 13:15	Lunch break, exhibition and poster viewing (in the exhibition area)			
	Hall 2A	Hall 2B	Meeting room 1	Meeting room 3
13:15 - 14:45	Key session 2: Journal of Tissue Viability & Journal of Clinical Biomechanics Awards <i>Chairs: Dan Bader, Yohan Payan</i> <ul style="list-style-type: none"> Introduction to the Awards by the Co-Chair of the EPUAP Scientific Committee Surfaces for health: Early detection of skin damage using biomarkers; <i>Jibbe Soetens</i> Musculoskeletal finite element model of the foot: Loading and direct dynamic validation; <i>Antoine Perrier</i> Real world evidence of HAPU reduction using a novel early detection device measuring Sub-Epidermal Moisture (SEM); <i>Martin Burns</i> Assessment and consideration of foot risk factors is essential to proactively prevent hospital acquired heel pressure injuries; <i>Jo Scheepers</i> 	Key session 3: Complexities of care (clinical session) <i>Chairs: Susanne Coleman, Jeannie Donnelly</i> <ul style="list-style-type: none"> Community pressure ulcer initiatives; <i>Fionnuala Gallagher</i> Pressure ulcer prevention: Focus on health care assistant education; <i>Lorna Semple</i> Pressure ulcer prevention in intensive care; <i>Steven Smet</i> Pressure ulcer prevention in paediatrics; <i>Guido Ciprandi</i> 	Industry workshop (13:15 - 14:15)	
14:45 - 15:15	Posters presentation (exhibition area)			
14:45 - 15:45	Coffee break and exhibition viewing			
15:45 - 16:45	Key session 4: Recognizing and managing risk factors <i>Chairs: Katrin Balzer, Niamh McLain</i> <ul style="list-style-type: none"> Nutrition and hydration; <i>Angela Small</i> 'Skin status', a risk factor for pressure ulcer development; <i>Jane Nixon</i> Risk assessment; <i>Zena Moore</i> Malnutrition as a precursor of pressure injuries; <i>Mary Litchford</i> 	Industry workshop	Key session 5: Seating (1) <i>Chairs: Shelley Crawford, Cees Oomens</i> <ul style="list-style-type: none"> Pressure ulcer prevention: What do healthcare professionals, patients and carers need to know?; <i>Declan Patton, Alison Porter-Armstrong</i> Repositioning for pressure ulcer prevention in the seated individual; <i>Menno Van Etten</i> "To sit or not to sit" sitting individuals with pressure ulcers; <i>Darren Hammond</i> 	Key session 6: EPUAP 2017 Quality Improvement Projects Awards <i>Chairs: Dimitri Beeckman, Lisette Schoonhoven</i> <ul style="list-style-type: none"> Introduction to the Awards by the EPUAP President Tissue Viability Society guidelines for assessing seating and posture: Understanding the association between pressure ulcers and sitting in adults; <i>Carol Bartley, Melanie Stephens</i> Improving pressure damage detection in the community using continuous pressure monitoring of patients; <i>Nicci Aylward-Wotton</i> Zero Heroes: Working together to achieve no hospital acquired pressure ulcers; <i>Aoife McDonnell</i> Systematic effort reduces pressure ulcers with 50%; <i>Aase Fremmelevholm</i>
16:45 - 17:45	Free paper session 1: Pressure ulcers: Implementation science and education <i>Chairs: Christine Lindholm, Steven Smet</i> <ul style="list-style-type: none"> Attitude of nurses and nursing students towards the prevention of incontinence-associated dermatitis: A psychometric instrument validation study; <i>Nele Van Damme</i> A realist evaluation of pressure ulcer risk assessment instrument use in clinical practice; <i>Susanne Coleman</i> Sustainability of a multi-faceted intervention to implement evidence-based pressure ulcer prevention; <i>Eva Sving</i> Wound management training programme for health care support workers; <i>Linda Fennel</i> 	Industry workshop (17:00 - 18:00)	Free paper session 2 : Basic science: Biomechanics and aetiology <i>Chairs: Cees Oomens, Yohan Payan</i> (16:45 - 18:00) <ul style="list-style-type: none"> Surfaces for health: In-vivo measurement of the effect of shear and pressure on skin viability; <i>Iris Hoogendoorn</i> Surfaces for health: On the relationship between surface texture and shear; <i>Michel Klaassen</i> Spatial effects of indentation induced deep tissue injury; <i>Willeke Traa</i> Incidence of skin pressure ulcers using cyclic pressure application in diet-induced model of skin adiposity in mice; <i>Dominique Sigaud-Roussel</i> Does posture influence biomechanics and physiological parameters on participants supported on an intelligent mattress; <i>Peter Worsley</i> 	Free paper session 3: Innovations in pressure ulcer prevention and treatment & Impact of pressure ulcers on patients, carers and society <i>Chairs: Maarit Ahtiala, Jan Kottner</i> <ul style="list-style-type: none"> National audit of pressure ulcers and incontinence-associated dermatitis: Cross-sectional survey in Wales; <i>Michael Clark</i> Extensive multifocal pressure ulcers in a young female patient bedridden due to multiple sclerosis: Case study; <i>Marcin Malka</i> Prevention of pressure ulcers with a static air support surface: A systematic review; <i>Brecht Serraes</i> The effects of bacterial fragments and antioxidants on cell resilience to mechanical stress; <i>Lisa Tucker-Kellogg</i>
18:15 & 18:45	Guided tours of Belfast City Hall			
19:00	Welcome reception at the Belfast City Hall			

Thursday, 21 September 2017

Time	Registration area			
08:00	Registration, badge and bag collection			
	Hall 2A	Hall 2B	Meeting room 1	Meeting room 3
08:00 - 09:00	<p>Free paper session 4: Pressure ulcer prevention and management in specific patient groups (paediatrics, surgery, spinal cord, injury, ER, older persons, palliative care, etc.) (1)</p> <p><i>Chairs: Oonagh Galway, Rolf Jelnes</i></p> <ul style="list-style-type: none"> The effects of cervical collar design and strap tension on tissue status reflected in biomechanics parameters and biomarker response; <i>Peter Warsley</i> Hospital acquired pressure ulcers increase the risk of adverse outcome in critically ill patients; <i>Maarit Ahtiala</i> Consistent practices in prevention of pressure ulcers; <i>Sirpa Mäki-Turja-Rostedt</i> Improving pressure ulcer prevention in nursing homes; <i>Michael Clark</i> 	<p>Industry satellite symposium</p>		<p>Free paper session 5: Pressure ulcer prevention and management in specific patient groups (paediatrics, surgery, spinal cord, injury, ER, older persons, palliative care, etc.) (2)</p> <p><i>Chairs: Guido Ciprandi, Zena Moore</i></p> <ul style="list-style-type: none"> Using an informal educational approach to improve pressure ulcer diagnosis and grading; <i>Heather Hodgson</i> Pressure injury prevention interventions in adults and paediatrics; <i>Ann Marie Nie</i> The clinical effectiveness of silicone dressings to prevent PU in aged care; <i>Nick Santamaria</i> Making a difference in residential aged care: Reducing pressure injury rates through a multi-nodal approach; <i>Tabatha Rando</i>
09:00 - 10:00	<p>Key session 7: Emerging therapies</p> <p><i>Chairs: Jane Nixon, Dominique Sigaud-Roussel</i></p> <ul style="list-style-type: none"> Prophylactic dressings; <i>Zena Moore</i> Early detection of pressure ulcers; <i>Cees Oomens</i> Smart materials; <i>Dan Bader</i> 	<p>Key session 8: Seating (2)</p> <p><i>Chairs: Shelley Crawford, Alison Porter-Armstrong</i></p> <ul style="list-style-type: none"> Wheeled mobility for pressure ulcer prevention and improved function: Results of a RCT; <i>David Brienza</i> Pressure mapping of repositioning in wheelchair seated individuals - the ugly truth; <i>May Stinson</i> Development of the SPUPP: Pressure ulcer prevention programme; <i>Emer Shanley</i> 	<p>Industry workshop</p>	<p>TVNN NI session</p> <p><i>Chairs: Gillian Carnduff, Niamh McLain</i></p> <ul style="list-style-type: none"> PuClas4 workshop: Diagnosis and management of pressure ulcers and incontinence-associated dermatitis (IAD); <i>Dimitri Beeckman, Denise McDonagh</i>
10:00 - 10:45	Coffee break and exhibition viewing			
10:45 - 11:45	<p>Key session 9: EPUAP Investigator Awards 2017</p> <p><i>Chairs: Dimitri Beeckman, Lisette Schoonhoven</i></p> <ul style="list-style-type: none"> Introduction to the Awards by the Chair of the Scientific Committee Deformed cells as failing structures: The journey of a mechanical engineer in the labyrinth of biology to seek the reason for pressure ulcers; <i>Amit Gefen</i> Lately it occurs to me, what a long strange trip it's been; <i>Michael Clark</i> 	<p>Student free paper session 1: Clinical science</p> <p><i>Chairs: Katrin Balzer, Carina Bääth</i></p> <ul style="list-style-type: none"> A review of design and analysis methods for pressure ulcer research; <i>Isabelle Smith</i> Effects of two different fabrics on skin barrier function under real pressure conditions; <i>Tsenka Tomova-Simitchieva</i> Real time feedback of pressure points: A tool to increase patient's participation?; <i>Lisa Hultin</i> Dry skin and pressure ulcer risk: A multi-center cross-sectional prevalence study in German hospitals and nursing homes; <i>Anna Lechner</i> 	<p>Free paper session 6: Pressure ulcers: Patient safety, quality of care and policy</p> <p><i>Chairs: Jan Kottner, Zena Moore</i></p> <ul style="list-style-type: none"> The Ghent Global IAD Categorisation Tool (GLOBIAD) for incontinence-associated dermatitis: International development and reliability study; <i>Karen Van den Bussche</i> The development of a generic wound assessment minimum data set; <i>Susanne Coleman</i> Translating evidence-based device-related pressure injury prevention strategies to the intensive care environment: <i>The SUSTAIN study; Fiona Coyer</i> The possibility to monitor pressure ulcers prevalence and incidence on national level; <i>Andrea Pokorna</i> 	<p>WMAI session</p> <p><i>Chairs: Gillian Carnduff, Niamh McLain</i></p> <ul style="list-style-type: none"> The heel bone is connected to... - <i>Helen Strapp</i> - <i>Menno Van Etten</i> - <i>Pauline Wilson</i>
11:45 - 12:15	Posters presentation (exhibition area)			
11:45 - 13:15	Lunch break and exhibition viewing			
12:45 - 13:15	Annual General Assembly of the EPUAP			
13:15 - 14:30	<p>EPUAP - EWMA session: The Joint EPUAP-EWMA PU prevention & patient safety advocacy project</p> <p><i>Chairs: Zena Moore, Lisette Schoonhoven</i></p> <ul style="list-style-type: none"> The concept of pressure ulcers as a key patient safety indicator; <i>Lisette Schoonhoven</i> Pressure ulcer prevention pathways; <i>Zena Moore</i> Barriers and enablers to pressure ulcer prevention in the Czech Republic; <i>Andrea Pokorna</i> Pressure ulcer, 20 years of prevalence monitoring and practical action in a Swiss university hospital, <i>Hubert Vuagnat</i> What does the European data tell us?; <i>Laura Conaty</i> 	<p>Workshop 1: Core outcome sets in clinical research;</p> <p><i>Chair: Katrin Balzer, Dimitri Beeckman, Jan Kottner</i> (13:15 - 14:00)</p>	<p>Workshop 2: Seating biomechanics;</p> <p><i>Chair: Dan Bader, Amit Gefen, Yohan Payan</i> (13:15 - 14:15)</p>	<p>Workshop 3: Dressing selection;</p> <p><i>Chair: Jeannie Donnelly, Joan Rogan, Steven Smet</i> (13:15 - 14:15)</p>
14:30 - 15:45	<p>Key session 10: The complex foot</p> <p><i>Chairs: Maarit Ahtiala, Jill Cundell</i></p> <ul style="list-style-type: none"> CPR for feet; <i>Duncan Stang</i> The research on the heel casts; <i>William Jeffcoate</i> Complexities of caring for patients with renal disease; <i>John Smyth</i> 	<p>Industry satellite symposium (14:15 - 15:45)</p>	<p>Student free paper session 2: Basic science</p> <p><i>Chairs: Cees Oomens, Dominique Sigaud-Roussel</i> (14:15 - 15:15)</p> <ul style="list-style-type: none"> Modelling an adult human head on different positioners for pressure ulcer prevention; <i>Rona Greifman</i> Deep tissue loads in the seated buttocks on a foam off-loading wheelchair cushion versus an adjustable air-cell-based cushion: Finite element studies; <i>Lea Cohen</i> Dynamic computational simulations for evaluating protocols of tissue loads applied by a regulated negative pressure-assisted wound therapy (rpmt) system for treating large wounds; <i>Rona Greifman</i> An interconnected-air-cells cushion technology is effective in protecting bony clients; <i>Lea Cohen</i> 	<p>Workshop 4: Dressing selection</p> <p><i>Chair: Jeannie Donnelly, Joan Rogan, Steven Smet</i> (14:15 - 15:15)</p>
15:45 - 16:15	Coffee break and exhibition viewing			
16:15 - 17:30	<p>Free paper session 7: Innovative approaches in clinical research (prevention and treatment)</p> <p><i>Chairs: Dimitri Beeckman, Jan Kottner</i></p> <ul style="list-style-type: none"> Independent risk factors for the development of skin erosion due to incontinence in nursing homes and the ICU; <i>Nele Van Damme</i> Pressure mapping to prevent pressure ulcers in a geriatric hospital ward: A pragmatic randomised controlled trial; <i>Lena Gunningberg</i> PROTECT - Trial: A multi-center prospective pragmatic RCT and health economic analysis about the effect of tailored repositioning to prevent pressure ulcers; <i>Dorien De Meyer</i> Outcomes of pressure ulcer treatment in specialist wound clinics; <i>Michael Clark</i> Measuring microclimate: An RCT to explore the influences of foam dressings on pressure prone areas; <i>William McGuinness</i> 	<p>Industry workshop (16:15 - 17:15)</p>	<p>Workshop 5: Repositioning</p> <p><i>Chairs: Jeannie Donnelly, Joan Rogan, Menno van Etten</i></p>	<p>Workshop 6: Debridement: Why - When - When not?</p> <p><i>Chair: Carolyn Wyndham-White</i> (16:15 - 17:15)</p>
19:30	Conference dinner at the Titanic Museum			

Friday, 22 September 2017

Time	Registration area			
08:00	Registration, badge and bag collection			
	Hall 2A	Hall 2B	Meeting room 1	Meeting room 3
09:00 - 10:00	<p>Key session 11: Health economic evaluations of pressure ulcer interventions Chair: <i>David Meads</i></p> <ul style="list-style-type: none"> This session will be organised as a discussion forum, a first step to develop pressure ulcer specific guidelines for health economic research. 	<p>Free paper session 8: Pressure ulcers: Patient safety, quality of care and policy Chairs: <i>Guido Ciprandi, Denise McDonagh</i></p> <ul style="list-style-type: none"> Varieties of Pressure Injury in the Terminally Ill; <i>Joyce Black</i> Clinical performance of a new PU risk tool: Shape Risk Scale with the Braden scale; <i>Esa Soppi</i> A scientific assessment of an automated disinfection system for the decontamination of hospital: Pressure-relieving mattresses; <i>Samantha Westgate</i> Ground-breaking clinical research revealing the effectiveness of therapeutic seating in reducing pressure injuries; <i>Martina Tierney</i> 	<p>Free paper session 9: Pressure ulcers and health economics & Interdisciplinary collaboration Chairs: <i>Dimitri Beeckman, Jeannie Donnelly</i></p> <ul style="list-style-type: none"> A multidisciplinary approach to pressure ulcer prevention: An exploration of healthcare professionals' involvement and perceptions of pressure ulcer prevention in a community setting; <i>Paul Clarkson</i> Outcomes of a specialist multi-disciplinary team in prevention of hospital acquired pressure injuries and malnutrition in an acute hospital setting: A pilot project; <i>Jessica Moon</i> Promoting cultural change impacts the bottom line: A case for measuring the economic impact of providing supportive environment; <i>Sarah Sage</i> The direct cost of pressure injury (PI) treatment in an Australian residential aged care setting; <i>Suzanne Kapp</i> 	<p>Workshop 7: Debridement: Why - When - When not? Chair: <i>Carolyn Wyndham-White</i></p>
10:00 - 10:45	Coffee break and exhibition viewing			
10:45 - 12:15	<p>Interactive session: Pressure ulceration: Local wound management Chair: <i>Jeannie Donnelly</i></p> <ul style="list-style-type: none"> Several case studies will be presented and discussed during this session. - <i>Joan Rogan & Oonagh Galway</i> - <i>Niamh McLain</i> - <i>Steven Smet</i> - <i>Maarit Ahtiala</i> 			
12:15 - 12:45	<p>EPUAP 2018 Rome, Italy; <i>Guido Ciprandi</i> Focus Meeting 2018 Turku, Finland; <i>Maarit Ahtiala</i> Closing of the conference; <i>Chairs: Jane Nixon, Jeannie Donnelly</i></p>			

Belfast
 City Council
